EDUCATION

Indira Gandhi Delhi Technical University for Women, Delhi **2023 – 2027**
B.Tech. – Electronics & Communication Engineering with Artificial Intelligence *Delhi, India*

EXPERIENCE

Infosys Springboard Internship – Open Deep Researcher / Agentic LLM Research Framework **Aug 2025 – Oct 2025**

- Contributed to an **agentic LLM research framework** for automating multi-step research workflows using **LangChain, LangGraph, and Gemini API**.
- Explored applications of **Generative AI and Large Language Models** for research automation, supporting framework design and experimentation under the mentorship of senior Data Scientists.

Pragati: Path to Future – Infosys Springboard **12-Week Program**

- Selected for a structured professional development cohort focused on **Digital Dexterity, Python, Generative AI, problem-solving, DSA, leadership, and career readiness**.

PROJECTS

SnapNewz – Full-Stack News Aggregator | [GitHub](#) | [Live](#) | *React.js, Node.js, Express.js, NewsAPI, NLP, Vercel, Render*

- Developed a **full-stack news aggregation platform** using React.js, Node.js, and Express.js, integrating **NewsAPI** for real-time news, category-based filtering, responsive design, and **infinite scrolling**.
- Integrated **NLP-based sentiment analysis** to classify articles as **Positive, Negative, or Neutral**; deployed decoupled frontend and backend services on **Vercel** and **Render** with secure environment variable management.

TeachForGood – Volunteer-NGO Matching Platform | [GitHub](#) | [Live](#) | *React.js, JavaScript, Firebase Authentication*

- Engineered a **volunteer-NGO matching platform** to connect volunteers with relevant NGOs based on **location, availability, preferred time slots, and subject interests** through multi-parameter matching workflows.
- Integrated **Firebase Authentication** for secure registration and login, and developed responsive modules for NGO discovery, partner listings, success stories, FAQs, and contact workflows.

MySaathi – AI Learning Companion | [GitHub](#) | [Live](#) | *React.js, TypeScript, Figma, Vercel*

- Built and deployed a **React + TypeScript frontend** from Figma designs as a solo hackathon project, translating design specifications into reusable and responsive UI components.
- Designed a **mobile-first, accessible interface** with scalable frontend architecture and deployed the functional prototype on **Vercel**.

TECHNICAL SKILLS

Programming Languages: Python, C++, JavaScript

Frontend: React.js, HTML, CSS, Tailwind CSS, Bootstrap

Backend & APIs: Node.js, Express.js, REST APIs

Developer Tools & Deployment: Git, GitHub, VS Code, Vercel, Render

Design & User Experience: UI/UX Basics, Figma, Canva

CERTIFICATIONS & ACHIEVEMENTS

The Web Developer Bootcamp 2024 – Udemy: Completed a **74-hour** full-stack web development program covering modern web technologies. 🏆

AlgoUniversity Tech Fellowship: Selected among the **top 4,000 of 20,000 participants** through a competitive DSA assessment. 🏆

Artificial Intelligence Certification – Infosys Springboard: Completed foundational training in AI concepts and machine learning. 🏆

UI/UX Design Training – Internshala 🏆 | **Cloud Computing with AWS – Internshala** 🏆

LEADERSHIP & RESPONSIBILITIES

Head Coordinator – Taarangana Cultural Society, IGDTUW

- Coordinated team responsibilities, planning, communication, and on-ground execution for the university's annual cultural festival, supporting smooth cross-team event operations.

Executive Member – BHAV Debating Society, IGDTUW

- Participated in and supported debate sessions and society events, strengthening **public speaking, communication, critical thinking**, and team coordination.
